

2022 NATIONAL HIDTA PROGRAM EFFECTIVENESS

March 1, 2023

HIDTA's Mission

The mission of the HIDTA Program is to coordinate Federal, state, local and tribal law enforcement resources to reduce the availability of illicit drugs and related violence by investing in law enforcement partnerships to dismantle and disrupt drug trafficking and money laundering organizations in the United States.

The **33** HIDTAs coordinate Federal, state, local, and tribal drug enforcement efforts across the nation. Each year, HIDTAs assess the drug threat and develop strategies to address the threats. This approach allows HIDTAs to adjust to new and emerging drug threats and apply resources in a timely manner. HIDTAs conduct an annual evaluation to determine their efficiency and effectiveness in dealing with the drug threat in their regions.

HIDTA's Overdose Response Strategy is a partnership between the HIDTA Program and the Centers for Disease Control

and Prevention. This public safety and public health partnership focuses on the opioid epidemic and is designed to reduce drug overdoses.

HIDTAs investigated **9,135** drug trafficking organizations (DTOs) and money laundering organizations (MLOs) and were successful in disrupting or dismantling **3,105** of these organizations. **55** percent of the DTOs/MLOs were part of an international or multi-state operation.
